Please Note: Choose your courses carefully. Do not assume that you will be able to make course changes, you may be required to remain in your original selections. Grade 11 & 12 students must choose either 8 credits or 7 credits and a study period. Remember, the final digit in the course number indicates the number of periods and credits for the course. For example, Aircraft Maintenance Orientation 802X is a 2 credit course and lasts 2 periods but Aircraft Maintenance Orientation 604X is a 4 credit course and lasts 4 periods (2 each semester).

Clearly print the codes of your selections below. If you select 2 or 4 credit courses you will not fill all 8 boxes.

--	--	--	--	--	--	--	--

You must complete the section below. Your registration will not be entered unless it is complete.

If all of these courses can not be scheduled together due to timetable conflicts, which course are you most willing to change?

..... (Name -Print

Which alternate course would you choose instead? If the course you are willing to change is a 2 or 4 credit course replace it with the same number of credits.

..... (Home Room)
